

## 1976 Inogene Pass Mountain Marathon

The third annual Inogene Pass Mountain Marathon was run at 8:45 A.M. on Sunday, September 12, 1976. Weather conditions ranged from excellent to perfect as the day dawned clear and cool after almost a week of daily rain. Twenty-one runners started in the race and all but one (Steve Cateman, Telluride) finished. Fresh snow above 12,000 ft. was evidently more of a help than a hindrance in that five new records were set in the different competition categories.

Results are as follows:
